

-- LOCAL JOB . GLOBAL TRUST --

Problem Statement

Unorganized Markets

40 crore informal workers are currently unemployed. Incase of farmers, the Middlemen take 30-40% commissions on earnings.

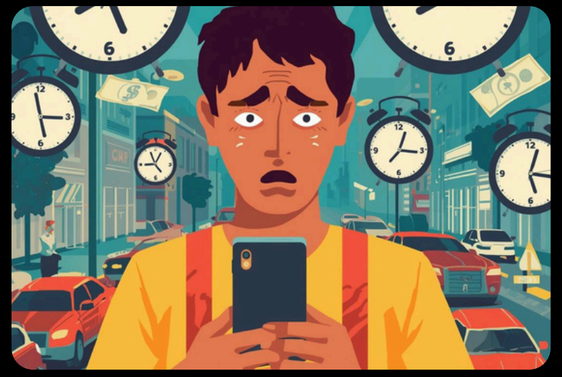

Verification Issues

There is a lack of employer background checks, resulting in trust issues for workers.

Payment Scams

Many workers encounter payment scams after job events, risking their livelihoods and trust.

Language Barriers

Many job seekers face language barriers when job postings are in English.

UdyogaSetu Objectives

Direct Connections

Workers connect directly with Job providers, no Middlemen.

ID Verification

Mandatory verification ensures trustworthy job providers.

Job Legitimacy

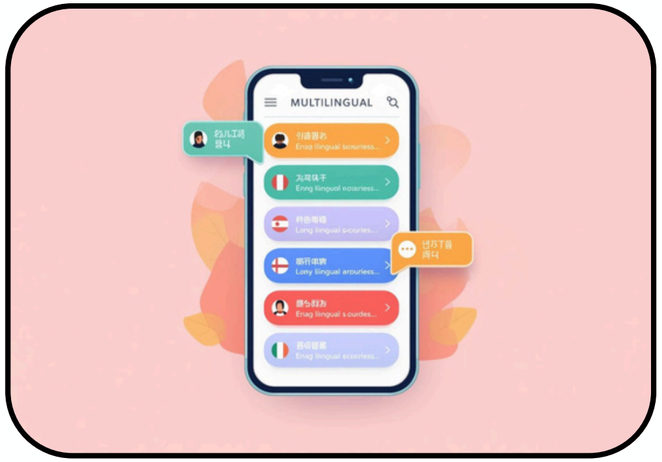

Builds trust through verified profiles and user ratings with employee history.

UdyogaSetu - Additional features

Agri-Direct Delivery

Farm-to-kitchen: +95% farmer profit, -16% customer cost. No middlemen.

Multilingual Support

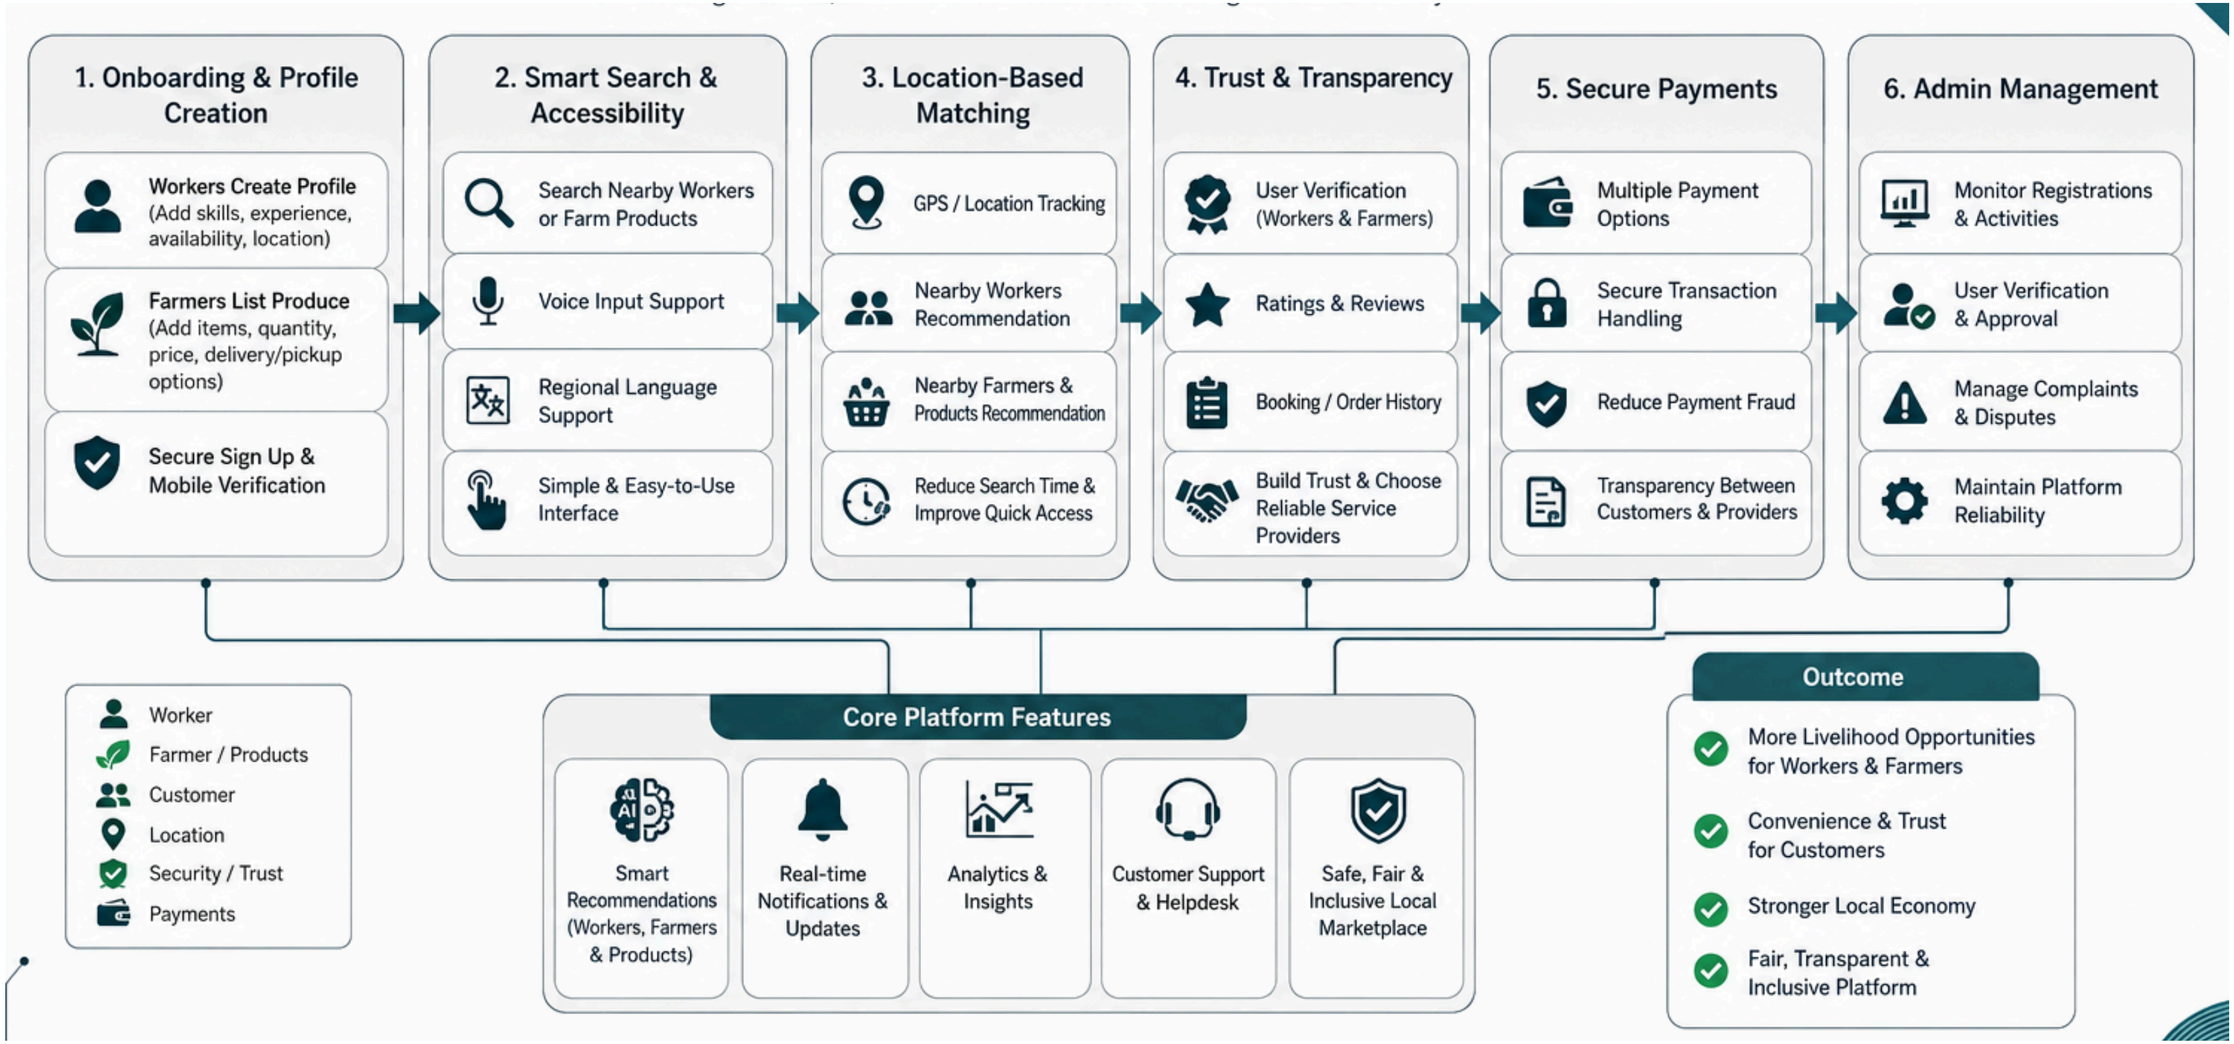

Supports multiple languages and voice assistance features.

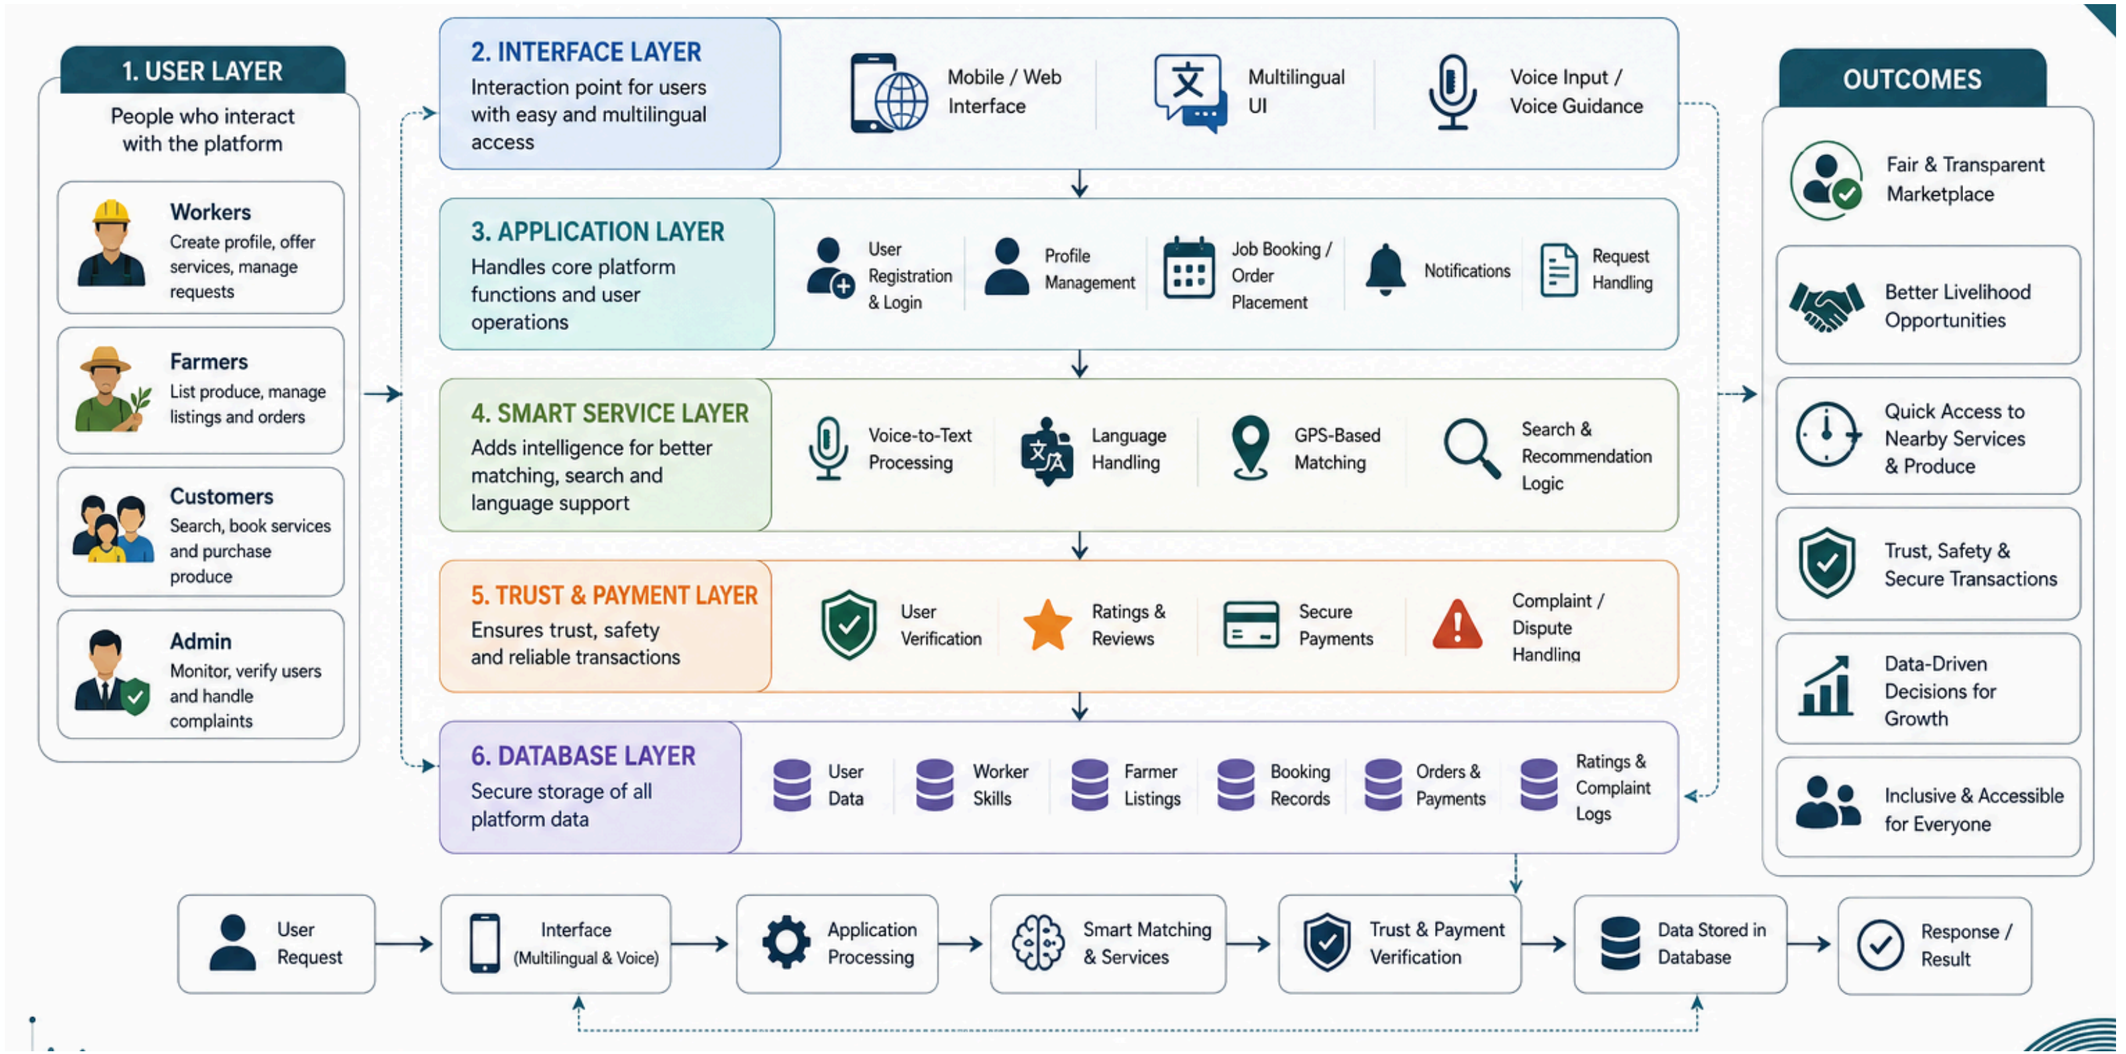

Payment Protection

Ensures secure and timely payments for workers.
